

FUND RAISING UPDATE

Zumba Spring Term 2 2024

Thanks to the wonderful efforts of all of our children and you as parents/carers, the Zumba fundraising event for Birmingham Children's Hospital raised £11,500

Birmingham Children's Hospital were so grateful and invited the Head and Deputy Head Boy and Girl from each of our schools to visit.

On Wednesday 17th April 2024, the visit took place where the children presented their cheque of £11,500

The fundraising team at Birmingham Children's Hospital were overwhelmed with how much our children raised. The money will now be spent on supporting the patients on their journey into theatre through to their recovery; a superhero will be there with them holding their hand. Our children thought that this was a fantastic idea and were only too glad to help the hospital.

It was such a special day as lots of children across our trust have been treated at the hospital and our Heads and Deputies did a sterling job in representing our trust.
